

# HeyMath!

Because every student counts

## HeyMath! Program for Classes 1 to 10

Dear Parent,

**Would you like your child to achieve his or her best potential in Mathematics?**

Our school adopts a futuristic curriculum to impart 21st century skills, so that students can emerge as confident, competent and contributory global citizens. What will set a student apart in the 21st century is multi-disciplinary thinking, creativity and problem solving skills.

In line with the above focus, after an evaluation of the programme by our teachers, we would like to **introduce HeyMath! in this academic year**. HeyMath! is a proven methodology that has successfully impacted 1 million students & 5000 teachers in 50 countries.

We hope that you see HeyMath! as a valuable resource for Mathematics for your child. As always, we look forward to your support to make the program a success!

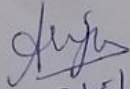

The link below provides more details including the benefits of the program, payment process for subscribing and how your child can access the program to complete the practice assignments given by his/her Maths teacher.

Subscription Options			
Description	Validity	Access until	Price inclusive of GST
Option1: Starter Pack	2 months	31 July 2019	Rs. 500/-
Option 2: Annual Pack	1 year	31 May 2020	Rs. 1180/-

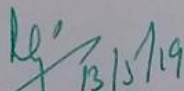

Payment Link: <https://heymath.com/school/dav-pushpanjali/>

The school is in no way making the program compulsory. But parents may allow their child to join the program for betterment of mathematical skills.

For approval please.
